

# Green River, Come On Down

C'mon down to the river...

Lift your eyes to the skies above  
Come on in, feel my love  
A little bit here, a little piece there  
Pieces of love everywhere

C'mon down to the river...

The river runs shallow, the river goes deep  
The river calls in your sleep  
Dig this baby, now dig this hole  
Your body's so warm, the river's so cold  
And you're the one I want to hold  
You're the one I want to hold  
You're the one to fill this hole  
You're the one I got to hold

C'mon down to the river...
