

Green River, Come On Down

C'mon down to the river...

Lift your eyes to the skies above
Come on in, feel my love
A little bit here, a little piece there
Pieces of love everywhere

C'mon down to the river...

The river runs shallow, the river goes deep
The river calls in your sleep
Dig this baby, now dig this hole
Your body's so warm, the river's so cold
And you're the one I want to hold
You're the one I want to hold
You're the one to fill this hole
You're the one I got to hold

C'mon down to the river...
