

Green Velvet, Flash

Good evening parents, tonight I gonna take you on a tour, Club Bad
where all the bad kiddy's go, try to leave there body's, by various means of methods, anything need
so I think we'll put each and everyone of you, with your own individual,
on the camera, so that you can take pictures of these bad little kiddy's, doin' these bad little things,

Wouldn't you know it, not here more than thirty seconds and already I see a bad little kid doin' bad
but this is no laughing matter,
camera's ready prepare the flash

Now overhere we have lil' Johnny and Miss Sue,
smokin' on a joint, this is not the thing to do,
I think we have to take pictures of these two,
camera's ready prepare the flash

Now overhere we have some naughty naughty kids,
they brought in they're own liquor, to the party,
now we cannot have that parents can we? Six packs and Pipes, I think not, so,
camera's ready prepare the flash
