

Greenwheel, Regardless

Time goes by
Its getting soar
And I cant let these feelings go
Never though I wouldn't be so sad to see you go
Its far too soon to feel this so
Well seem me now
I'm searching for my hope
And help me now I feel so lost

chorus
I have no kind of hope and if only I could settle for
What would happen now
Regardless where I've been
Is there more or am I not so helpless
Have I no control
Like a feather in the rain yeah
Like a feather in the rain

What hopes do I have and no forms I take
I'd be so ashamed of my mistakes
The story without a face
life's so out of place
Well excuse me for my haste
I've got so much time to waste
Well tell me now what to do
And show me how he's happy at you

I have no kind of hope and if only I could settle for
What would happen now
Regardless where I've been
Is there more or am I not so helpless
Have I no control
Like a feather in the rain yeah

Where am I
But where I am
One last look
Just one last look
And where am I
But where I am
But one last look

I have no kind of hope and if only I could settle for
What would happen now
Regardless where I've been
Is there more or am I not so helpless
Have I no control
Like a feather in the rain
I have no kind of hope and if only I could settle for
What would happen now
Regardless where I've been
Is there more or am I not so helpless
Have I no control
Like a feather in the rain yeah.
