

# Greg Long, In The Waiting

Pain

The gift nobody longs for, still it comes  
And somehow leaves us stronger  
When it's gone away

Pray

I try and pray for Your will to be done  
But I confess it's never fast enough for me

It seems

the hardest part is waiting on You  
When what I really want  
Is just to see Your hand move

(Chorus)

I want a peace beyond my understanding  
I want to feel it fall like rain  
In the middle of my hurting  
I want to feel Your arms as they surround me  
And let me know that it's okay  
To be here in this place  
Resting in the peace that only comes  
In the waiting

Time

Time to let it go and just believe  
Trusting in what no one else but You can see

Free

Freedom from the fears that close me in  
When I can't get beyond where I have been

But then again

The silence doesn't mean that I'm alone  
As long as I can hear  
That I am still Your own

(Repeat chorus)

In the waiting...
