

# Greg Raposo, Take Me Back Home

I'm reaching deeper  
Down inside of me  
For answers to questions, honesty  
I feel like i've fallen from the state of grace  
I know that i can't run from my mistakes

[chorus]  
Where do you go when you've gone to far  
You open up your arms  
I wanna believe that love has the heart  
to take me home  
Take me back home [4x]

Forgiveness, a sweet kiss  
Is all i need from you  
So hold me, cause only you can  
pull me through  
I'm fighting, I'm crying, calling out your name  
I want to live a life that shows a change

[chorus]  
Where do you go when you've gone to far  
You open up your arms  
I wanna believe that love has the heart  
to take me home  
Take me back home [4x]

(where do you go)  
When the lights have consumed you  
So thick you can hardly pull through  
(where do you go)  
When you don't recognize your face  
And you pray for redemption day

I fell live I've fallen from the state of Grace  
I know I can't run from my mistakes

[chorus]  
Where do you go when you've gone to far  
You open up your arms  
I wanna believe that love has the heart  
to take me home  
Take me back home [4x]

[repeat chorus 2]
