

Gregg Alexander, A Love Like That

A love like that
How'd you find a love like that
How'd you find a lover like that

I've been running around
Drunk with my friends
In Southern California
The fool's looking for you
I can't find you anywhere
Cause you're with somebody new
And I should know by now that we're through
Imagine that

How'd you find a love like that
Swore that I could steal you back
But now you say I can't
Because you found a love

Surely you were making a toast
Cause I feel your ghost
From coast to coast
You're making love with somebody new, yeah
And I should know damn well that we're through
Imagine that

You went and found a lover like that, yeah
I swore that I would steal you back
But now he says I can't
Because you found a love like

I don't want no-one
If I can't have you
A world of illusions
But baby you're true
I know I deceived you
I once told you
If you don't believe me
Just look in my eyes
Like that

Yeah, how'd you find a lover like that
You swore that you would be right back
And baby that's a fact, yeah
But now you found a lover like that, yeah
Why'd you find a lover like that, babe
Swore that we were all that, yeah
God, I lost a lover like that, my baby
Why you gotta look-a like-a that
When I'm tryina find a lover like ours, ours, oh
Woah oh, yeah

Na na na na na
Na na na, na na na
