

Gregg Alexander, Cruel With Me

I'd really like to take you for a trip--Be my drink and I'll sip
Show you the world and all the seas--But you have to promise that you won't be mean
Why do all the girls these days act so rough? I asked my baby for a kiss
She slapped me in the face--Must be masochist--RRR
But if you're cruel with me---I'll be cruel with you
and if you fool with me--then you know I'll fool with you
But if you're cool with me you just might see I'm Mr.Right
You could spend the night...doing what? Don't ask
Why girl, are you into bang bang bang--if I wanted to fight I woulda joined a GANG
You start your hitting... you always win
I start to worry when you're grinning at my shins
Why do all the girls these days act so rough? I asked my baby for a kiss
She slapped me in the face--Must be masochist--RRR
But if you're cruel with me---I'll be cruel with you
and if you fool with me--then you know I'll fool with you
But if you're cool with me you just might see I'm Mr.Right
You could spend the night--forget it. Let's just listen to the Tickety Tock Tickety Tock Tickety Tock
I don't believe it... I don't wanna be like this... Let's--Let's-- I don't know Let's let our hair down--I don't
