

# Gregorian, Silent Lucidity

Hush now, don't you cry  
Wipe away the teardrop from your eye  
You're lying safe in bed  
It was all a bad dream  
Spinning in your head  
Your mind tricked you to feel the pain  
Of someone close to you leaving the game of life  
So here it is, another chance  
Wide awake you face the day  
Your dream is over... or has it just begun?

There's a place I like to hide  
A doorway that I run through in the night  
Relax child, you were there  
But only didn't realize it and you were scared  
It's a place where you will learn  
To face your fears, retrace the years  
And ride the whims of your mind  
Commanding in another world  
Suddenly you hear and see  
This magic new dimension

I - will be watching over you  
I - am gonna help you see it through  
I - will protect you in the night  
I - am smiling next to you, in Silent Lucidity

-spoken during solo-  
[Visualize your dream]  
[Record it in the present tense]  
[Put it into a permanent form]  
[If you persist in your efforts]  
[You can achieve dream control]  
[Dream control]  
[How's that then, better?]  
[Hug me]

If you open your mind for me  
You won't rely on open eyes to see  
The walls you built within  
Come tumbling down, and a new world will begin  
Living twice at once you learn  
You're safe from the pain in the dream domain  
A soul set free to fly  
A round trip journey in your head  
Master of illusion, can you realize  
Your dream's alive, you can be the guide but...

I - will be watching over you  
I - am gonna help to see it through  
I - will protect you in the night  
I - am smiling next to you....
