

Gregorian, Unbeliever

Kingdom of fear
Deserted land
No road leads home
Can't see the end

Lost my soul, now I am just a stranger inside myself
I fear the voices in my head

Unbeliever!
Saint and sinner
Self-deceiver
Growing grimmer
Your true enemy's inside yourself, a demon,
Your darkened faith!
Unbeliever!

Mastered by fear
By pain and hate
I'm bound to see
My looming fate

Through the gates, to my soul, a desert is all I see
There's no way leading back to me

Unbeliever!
Saint and sinner
Self-deceiver
Growing grimmer
Your true enemy's inside yourself, a demon,
Your darkened faith!
Unbeliever!

You searched the road to lead you home
The Nine Circles you must roam
Are you a tourist in this hell?
Your deep, but darkened soul, is tearing you apart
It's whispering to you
In the valley of your heart

Unbeliever!
Saint and sinner
Self-deceiver
Growing grimmer
Your true enemy's inside yourself, a demon,
Your darkened faith!
Unbeliever!

You're the enemy inside yourself, your demon,
Accept your fate!
Unbeliever!
