

# Gregory Isaacs, Stranger In Town

Now I may not be familiar with your language  
But I sure would like to cross over your bridge  
Said I may not dress in style as the men in your town do  
But I sure know what to say: I love you

I wanna love you in the morning  
Love you in the evening too  
Even when you're lonely  
I'll make you happy when you're feeling blue

I'm just a stranger in your town  
Once in a while I pop around

Now I may not be familiar with your language, oh no  
But I sure I'm gonna cross over your bridge  
Do I may not dress in style as the men in your town do  
But I sure know what to say: I love you

I wanna love you in the morning  
Love you in the evening too  
Even if you're lonely  
Make you happy when you're feeling blue

Do I'm just a stranger in your town  
Once in a while I pop around

Let's be friends  
Friends that never end  
I'm just a stranger  
So let's be friends  
You see me around, yeah  
'Cause I wanna love ya  
Yes I wanna love ya, whoay  
Just stranger in your town  
I'll be around  
'Cause I wanna love ya
