

Greta Van Fleet, Frozen Light

Utwór 'Frozen Light' z albumu 'Starcatcher' od Greta Van Fleet (premiera 21 lipca 2023r.)

Frozen light like falling snow
Here to guide us the long way home

The streets are silent
The moonlight is dancing
Four brothers searching for a meal

I know, that I am not alone
I know, the frozen light will take me there

Cast a light to lead the ride on
A flame for going home
Cast a light to burn the night down
A flame for going home

Frosty bite for searching souls
Drunken laughter and dreams and gold
Anticipation, the distance is dancing
The smell of something in the air

I know, that I am not alone
I know, the chosen road is ours to bear
I know, that I am not alone
I know, the frozen light will guide me there

Cast a light to lead the ride on
A flame for going home
Cast a light to burn the night down
A flame for going home

Cast a light to lead the ride on
A flame for going home
Cast a light to burn the night down
A flame for going home
