

Gretchen, Every Moment

Captivated by the way you love me
I hold my breath and pray it never ends
If it's all a dream then please don't wake me
I'd rather sleep forever than to leave

Just keep holding on to me...

You're the reason I want to savor every moment
Cause I don't wanna miss a thing

When I least expected it you loved me
You gave me everything there was to give
And after all this time you still engage me
Our time together makes me want to live.

Just keep holding on to me...

You're the reason I want to savor every moment
Cause I don't wanna miss a thing

Hold me!!! Hold me!!!
Let me feel the love I know is mine
How could I ever been so blind
Now I see that you
You make me believe I could fly

You're the reason I want to savor every moment
Cause I don't wanna miss a thing
All my life I've waited for this
And I don't wanna miss a thing

You're a violet - You're a violet
In a thunderstorm

You're a violet - You're a violet
In the Sun
