

Gretchen Wilson, When It Rains

[Chorus]

When it rains I pour a couple more rounds
Till the hurtin' and the heartache start to drown
I turn out the light I turn up Dwight and I lock my door when it rains, when it rains, I pour

When life ain't going my way and I can't take one more day of gray

Hey it's okay

I don't need a dose of Dr. Phil

I don't need your make it all better pill when I'm low

Don't you know don't you know

[Repeat Chorus]

I don't have to have a girls night out

Or runaround with a rowdy crowd to get down Whiskey bent and hell bound

When I feel like I ain't got a friend I just call on my old buddy Jim

Again and again I like him

[Repeat chorus]

Oh don't you know

When it rains

When it rains

I pour
