Gretchen Wilson, When It Rains

[Chorus]
When it rains I pour a couple more rounds
Till the hurtin' and the heartache start to drown
I turn out the light I turn up Dwight and I lock my door when it rains, when it rains, I pour

When life ain't going my way and I can't take one more day of gray Hey it's okay I don't need a dose of Dr. Phil I don't need your make it all better pill when I'm low Don't you know don't you know

[Repeat Chorus]

I don't have to have a girls night out Or runaround with a rowdy crowd to get down Whiskey bent and hell bound When I feel like I ain't got a friend I just call on my old buddy Jim Again and again I like him

[Repeat chorus]

Oh don't you know When it rains When it rains I pour
