

Grey Daze, Holding You

Endless hopes, well
That's too bad
Smile happy,
Enjoy my pain

Hoping I can find
What we never had
Never holding you
It makes me

(Bridge)
100% is where it lies
Behind the tide
Inside the ocean
Inside your ocean

Frozen is the present past, oh
Made of stone, but breaks like glass, so
Take me now to where I want to go
Thoughts astray but who will know

(Chorus)

In a dream it seems
Just to hold my hand
Shaking the release
Stop me,
Stop me if you can

Repeat first verse

(Bridge)

(Chorus)
