

Grey Daze, Just Like Heroin

It can't be me, bring us to our passage
Show me my new skin, so I can see what I've let in

Standing here with my thoughts
Low and sound hard to understand
No one can ever bring anyone to see

It's my time to fade, dying on the floor

See myself as I am, excuses are just excuses

Just like heroin (x3)

It's my time to fade, dying on the floor
See myself as I am, excuses are just excuses
