

# Greydon Square, Say

What's a master who can't admit truth?

I find it kind of ironic that you call your show "The Way of the Master";

Ya'll want to attack little ol' me?

Little ol' Greydon Square, huh?

Okay, check it.

You cowards want to attack?

Well baby it's on.

But it won't be a pretty sight

Like old ladies in thongs.

You think we runnin' and you dead wrong

We stayin' right here

Greydon Square the fundamentalist christian's nightmare

So who's right?

None of ya'll is dead wrong

Unbelievably pig-headed, closed, and headstrong.

Now they're alone

Cause they ain't never gonna realise

That christianity has more holes than Spongebob.

But that's cool

Take it on blind faith

As I promote Atheist Nation movies on myspace

And don't hate

You fundies made it a success

It sucks less than that phony religion that sucks less

Now these Christians wanna try to reconvert me

Before that happened I'd join Neo-Nazi Germany

So go ahead, murder me bastard

Cause I make Atheists come out the closet faster than Ted Haggard

Go' say that I lie

Go' say that I'm full of despise

They go' say that I'm ruinin' lives

But instead of what they go' say

Maybe you should listen to what they don't say.

Go' say that they right

Go' say that they do it for god

They go' say that they changin' lives

But instead of what they go' say

Maybe you should listen to what they don't say.

Look at me

Two fundie christian girlfriends later

I become the family household villian like Darth Vader

I'm the black Carl Sagan

Host of Atheist Nation

Richard Dawkins and Stephen Hawking wrapped in one.

It would take whatever god that you believe in to damn me

It can't be christianity that damages families

Oh it is, look how they indoctrinatin' these kids

Belief in Santa Claus for adults, thats what it is.

Huh, the other day I watched Jesus Camp

God damn, and you can pick which god to damn

This little boy was talkin' bout how he was saved at five

Cause he wanted so much better in his life

What the ford are you 8? 9? Is your rent sky high?

Did your wife leave you?

Whatchu know about bein' alive?

And what's worse: he teaches this to other kids

And if that ain't brainwashin then I dono what is.

Go' say that I lie

Go' say that I'm full of despise

They go' say that I'm ruinin' lives

But instead of what they go' say  
Maybe you should listen to what they don't say.  
Go' say that they right  
Go' say that they do it for god  
They go' say that they changin' lives  
But instead of what they go' say  
Maybe you should listen to what they don't say.

Look, I question everything, from the question of everything  
Just like America, if it's freedom, then let it ring  
The christians tell me that if I dont like it, get out  
But you can send my black ass overseas no doubt  
George Bush Sr says, we ain't even Americans  
Tellin' us that our cause is BS like we're scared of him  
Like those little boys scared of the reverend  
That keeps on molestin' them,  
Sodomizing and sexin' them  
And if you believe this planet is 6000 years old  
Damn you stupid  
And I really don't need nothin to rhyme with that  
That's a common fact  
So fat, you can order fries with that, stupid  
I wish one of these rappers would  
Defend their faith on a track like it's actually hood  
I'll take it there  
Yup yup the name's Greydon Square  
The hardest atheist and your grandmothers worst nightmare

Go' say that I lie  
Go' say that I'm full of despise  
They go' say that I'm ruinin' lives  
But instead of what they go' say  
Maybe you should listen to what they don't say.  
Go' say that they right  
Go' say that they do it for god  
They go' say that they changin' lives  
But instead of what they go' say  
Maybe you should listen to what they don't say

(Thanks to Watson for these lyrics)
