

# Grief, Earthworm

I feel dejected  
A lonely future of failure  
And I'm growing  
Very angry

I slither in the  
Dirt and mud  
Because that's where  
I belong

I'm fucking miserable  
And worthless  
No self-esteem  
And it sometimes hurts

I slither in the  
Dirt and mud  
Because that's where  
I belong

Earthworm  
Earthworm  
Earthworm  
I'm a lot like you

I was taught to love  
But I learned to hate  
Bisect me  
I will regenerate
