

Griffin House, Flying Upside Down

Someone help me
I'm falling, falling
I'm trying but I'm turned around
Can anybody hear me?
I'm calling, calling
I'm flying upside down

Take me all the way and
You take me at all
'Cause I've got nothing but
The ground to break my fall

I'm lost and I need to turn around
I'm falling, I'm flying upside down
Turn me around

Can anybody reach me
I'm crawling, crawling
I'm lying on the ground
Can anybody take me
I'm calling, falling
I'm flying upside down

Take me all the way and
You take me at all
'Cause I've got nothing
But the ground to break my fall

I'm lost and I need to turn around
I'm falling, I'm flying upside down
Turn me around

Can you tell me that it's all gonna be alright
Stopping here I need you where I lie
Just one time I'd like to look you in the eye
'Cause if I don't I'm afraid heaven gonna pass me by

I'm lost and I need to turn around
I'm falling, I'm flying upside down
I'm lost and this is a cry for help
Turn me around

I'm upside down
