

Griffin House, Waterfall

Baby, stay with me
You know I will never give up.
Sometimes when the rain falls down,
I wait there until it is done.
Patiently I wait for thee,
Prayers for me
Aren't enough
So many waterways leading out,
Why'd we
Give it up?

Your boat goes by,
Down to the waterfall.
And the time goes by,
Like trees on the riverbanks.
And your time rushing by,
Down to the waterfall.
I hear you call,
I know you'd sound amazed if you'd
Hold on to your love,
It might not be coming back.
If you hold on to your love,
It might not be coming back

Baby, I didn't mean to come.
Have I interrupted your fun?
Maybe, if I could've known,
I would have waited until it was done.
Patiently, I wait for thee.
"Pray for me" ain't enough.
So many waterways leading out
Why'd we
Give it up?

And your boat goes by,
Down to the waterfall.
And time goes by,
Like trees on the riverbanks.
Your time rushing by,
Down to the waterfall.
I hear your call,
I know you'd sound amazed if you'd
Hold on to your love,
It might not be coming back.
Hold on to your love,
It might not be coming back.

Wipe off your tears,
Pick up your feet,
'cause you got miles and miles and miles and miles to go yet -
If anyone makes you feel,
You've been waiting too long
Oh, I've been waiting for you,
I been waiting for you.

If you hold on to your love,
It might not be coming back
Hold on to your love,
It might not be coming back
