

# Grimes, Go (ft. Blood Diamonds)

Things they feel like memories when I dream of you  
Ten months later, it'll stretch itself over and into today  
And I'd like to think that we don't dream to win it all  
Cause I love you

Living up, giving up  
When I go, can I go with you, you?  
When I go, can I go with...  
Go, go, go, go, go with  
Go with  
Go, go, go, go, go

Happiest in the stupid dream when I dream of you  
Instead, it might all be delusions but I couldn't say  
And I'd like to think that we don't dream just to drink it all  
Cause I've been here

In love, give it up  
When I go, can I go with you, you?  
When I go, can I go with...  
Go, can I go with (x6)  
You
