Oh I've been waiting, definitely
and my heart is here right after me
and my heart, waiting in the rain //x2

And my heart, it is in with the storm
And my heart, heart, heart
(heart, heart, heart)

hey hey wanna play well baby i can go go
and every other day you're running off the phone, no.
well baby I would call you if I didn't know you but I'm waiting (paying?) for it. //2x

Oh oh, oh oh, huh uhh, hah uhh.
well baby I would call if I didn't know you but I'm waiting for it.

My heart, oh
and I don't care what you say
but it's the way it goes and it's a happening everyday (like e-very-day)
My heart, oh
And I don't care what you say
But it's the way it goes and It's happening everyday.

Everyday (//x4) every day day dead day dead day
Everyday day dead day
everyday dead day dead day

hey hey wanna play well baby i can go go
and every other day you're running off the phone, no.
well baby I would call you if I didn't know you but I'm waiting (paying?) for it. //4x

Oh oh, oh oh, huh uhh, hah uhh.
