

# Grinspoon, Enemy

If you told me something that wasn't true , you do  
A Stop and have a look just exactly what you , you do  
Did I go to fast , Did I go to slow  
I know something that you might want to know

Will you wait while I answer your call?  
I know you're the enemy  
Just need some time to escape from it all  
This could be the end of me

Since you found another new place to hide, I smiled  
Set apart from all the things inside, Deny

If I went to fast, Did I got to slow?  
I know something that you don't want to know

Will you wait while I answer your call?  
I know you're the enemy  
Just need some time to escape from it all  
This could be the end of me

The end of me.....  
ooooooooooooooooooooo...

If i went to fast Did I got too slow ?  
I know something that you don't want to know

Will you wait while I answer your call?  
I know you're the enemy  
Just need some time to escape from it all  
This could be the end of me

Will you wait while I answer your call?  
I know I know I know I know  
Just need some time to escape from it all  
This could be the end of me ... Then end of meeee....
