

# Grinspoon, Fire Engine Man

Yeah, the homies come on up  
Where the macho's street in section  
Watch me make a move  
I'm gonna use this slaying machine  
I need another one to put me like  
A replican madmen  
I'm serious, so stick a bit of that  
(Woo Hoo/Ruuun) Fire engine man  
Yeah yeah what the fuck?  
Yeah yeah what the fuck?  
Can you ever understand  
Yeah get a bit of that  
Yeah get a bit of that  
Yeah the bitches take the beer  
Doing the power rods and  
The trick is done again  
Lift the fence  
And then you go up 50ft  
Your up and switching to a switch  
In midair  
Injectors, check that they were safe  
Return to the bucket  
Till you pull away your gasket  
Whooaaahhh Fire engine man  
Yeah yeah what the fuck?  
Yeah yeah what the fuck?  
Can you ever understand?  
Right I need a right ???  
Right I need a right ???  
Repeat chorus  
Your the really's style of man  
Do you want a beer?  
Do you want a beer?  
Can you ever understand?
