Your suffocating me  
Political ex bullshit  
I can't stay in the room  
With electricity on  
Next big thing i do your thing  
If it gets me what i want  
Next big thing your song i'll sing  
Next big thing

Yeah, thank god for sanctuary  
Permission put me in a cage  
Drop more money in  
I'm dancing like a puppet  
Next big thing i do your thing  
If it gets me what i want  
Next big thing your song i'll sing  
Next big thing

Salmonella why  
Salmonella why

Your suffocating me  
Political ex bullshit  
I can't stay in the room  
With electricity on  
Next big thing i do your thing  
If it gets me what i want  
Next big thing your song i'll sing  
Next big thing.
