Your suffocating me
Political ex bullshit
I can't stay in the room
With electricity on
Next big thing i do your thing
If it gets me what i want
Next big thing your song i'll sing
Next big thing

Yeah, thank god for sanctuary
Permission put me in a cage
Drop more money in
I'm dancing like a puppet
Next big thing i do your thing
If it gets me what i want
Next big thing your song i'll sing
Next big thing

Salmonela why
Salmonela why

Your suffocating me
Political ex bullshit
I can't stay in the room
With electricity on
Next big thing i do your thing
If it gets me what i want
Next big thing your song i'll sing
Next big thing.
