

Grinspoon, Violent And Lazy

And it's all over
Sin in the ratty air
I got suspended
Suspended in the air
I tried to kiss you
But you were never there
I went a-looking
Found you everywhere

Violent and lazy, barbershop sport
Grass doesn't grow on a busy sidewalk

And it's all over
Sin in the ratty yard
No, there's no pressure
Force fed buisness cards
I tried to kill him
Tried to kill you rock-n-roll star
Founding a bad trip
Some corperate facade

Violent and lazy, barbershop sport
Grass doesn't grow on a busy sidewalk

So now it's over
Envy the ratty star
Cause thats a winner
Love those business car
You're still pretending
Still sending those Christmas cards
And talking back there
Waiting at the bar

Violent and lazy, barbershop sport
Grass doesn't grow on a busy sidewalk
Violent and lazy, barbershop sport
Grass doesn't grow on a busy sidewalk

Violent and lazy, barbershop sport
