

Gromee, Another Day

where do I go
when sun is coming on in sky
where do i be
if you let me sign what to be
where do I hide
if you let me fall the floor
you hit me for what's more
you hit me for what's more

just another day
just another day

where do I go
when sun is coming on in sky
where do i be
if you let me sign what to be
where do I hide
if you let me fall the floor
you hit me for what's more
you hit me for what's more

...in te hallways
.. on the walls
many miles away
many miles away
I don't really want to leave
just another day
just another day
