

Gromee, Hurricane (feat. Terri B)

My body shivers
In the cold sweat
Underneath the darkness
How could I forget?

Illness inside my brain
Driving me insane
Like a hurricane
Like a hurricane
Woooho, like a hurricane
Woooho, like a hurricane

Like a hurricane
Breathing in me brain
There's a storm in there
It's a hurricane
Like a hurricane
Up side down
It's been fall apart
It's a hurricane
Hurricane
Hurricane
Hurricane
It's a hurricane
