

# Gromee, Light me up (feat. Lukas Meijer)

A part of me is feeling weak  
I took a chance  
but now it feels so hard to breathe

a lip of faith  
haunting me  
what happen to the word  
that's only you and me

I wanna feel alive  
When I'm running through my life  
so help me to ignite  
this spark I feel inside  
so help me now

light Me Up  
light Me Up  
my baby  
light Me Up  
tell me where to go  
light Me Up  
light Me Up  
my baby  
light Me Up  
and tell me where to go  
tell me where to go  
and tell me where to go

tell me where to go  
tell me where to go

I am thinking now  
of real life  
they say I have to leave  
so bring me back  
back to the place  
where my heart  
can finally reveal his face up

I wanna feel alive  
When I'm running through my life  
so help me to ignite  
this spark I feel inside  
so help me now

light Me Up  
light Me Up  
my baby  
light Me Up  
tell me where to go  
light Me Up  
light Me Up  
my baby  
light Me Up  
and tell me where to go  
tell me where to go  
and tell me where to go

tell me where to go  
tell me where to go
