Gromee, You Make Me Say (feat. Tommy Gun &

From the first time
I met ya
Girl You know
I had to get ya
Type of chick
I always dream of
Park the jetta
Ge in the beamer
Said she busy
And got no room for males
Change her mind
Shopping sprees at bloomingdales
Do it gig, do you hair baby
Do your nails
Tell your friends, girl
I don?t care who you tell
Just make sure
That you mention
Tommy gun is
Who you seeing now
Gucci, Louis luggage loaded
We always leaving town

Ref:
Girl, you what I need
The way you make me feel
I never wanna? leave
My sexy lady know just
How to make me say
Ooh lala, la, la, la, la
She make me say
Ooh lala, la, la, la, la
You make me say
Girl, You make me say
Ooh lala, la, la, la, la
2x

Out in Vegas or we out the country
Flaying in something
That?s really come
Love TKO
She punch me everythime we
Goin? out to lunch she
Put me in awe,
Make my jaw drop
Roaming in that drop top
Rose on ice in the back seat
We gonna? run all night
Like a track meet
Tomorrow night we in the Hollywood clubs
Because you probably would love
Dancing and drinking
The way you looking at me
The way I;m looking at you
We both know just what we thinking
Yeah /5x

I can?t say too much
Visions of your body
Pressing up close on mine
What you?re doing now?
I can?t believe that you?re doing me
Just how I like
You drive me crazy now
