

# Groove Coverage, Never Ever Stop

Don't you feel alright  
Everybody's out on a Saturday night

The air is getting high  
Everybody's out on a Saturday night

So don't you feel alright  
Everybody's out on a Saturday night

The air is getting high  
Everybody's out on a Saturday night tonight

We will never ever stop  
Never ever get enough  
Never ever close the club  
Till the break of day  
Blow your lonely heart away  
Cause it's gonna be okay  
Everybody everywhere  
Till the break of day
