

Groove, The Difference Between Us

You say you can't understand us women
But you aren't the only ones who are shazam
Talkin 'bout offside, onside, wrong right
To be honest we don't give a damn

Stop tryin'a teach us, new stuff
We don't wanna know no more x 2

Chorus

What you see with us is what you get
If you can't take it just leave right now
Don't turn around, ladies place your bets
How long will it take till you come back?

You say you can't understand us men
But, what is there to get?
You can't turn back the time on Big Ben
So give up now before you never forget

Stop tryin'a teach us, new stuff
We don't wanna know no more x 2

Chorus

If you wanna know what's goin' on
Just ask the boys, they'll be all along
And that's the difference between us
You know, we don't do one on one

Stop tryin'a teach us, new stuff
We don't wanna know no more x 2

Chorus

What you see with us is what you get
If you can't take it just leave right now
Don't turn around, ladies place your bets
How long will it take till you come back?

Chorus

If you wanna know what's goin' on
Just ask the boys, they'll be all along
And that's the difference between us
You know, we don't do one on one

Now that's the difference between us
Oh yeah
