

# Groove Theory, Hey U

Hey U

I Hope You Know What I Been Goin' Thru Baby

I Wonder If Ur Goin' Thru It 2

But I'm Afraid 2 Face What Might Be True, Hey U...

I Remember The Day

It Hit Me That I Really Loved Ur Way

I Thought 4 Sure I'd Be Here 2 Stay Baby

2 My Surprise I'd Soon Be Running Away, Running Away

[Chorus:]

If I Ever See U Walkin'

I Won't Know What 2 Say

Or Do

So What's The Use In Talkin'

All That's Left 2 Say Is Hey U,

Hey U...

Those Times

Were Some Of The Happiest In Life

Count The Years Since I Left You Behind

Oh Stayed With Me Like Georgia On My Mind

Never Left My Mind

These Eyes

Have Searched The Land From Moonfall 'til Sunrise

Searchin' 4 Just 1 Good Reason Why

Why'd U Have 2 Go And Do Me So Wrong, Yet Do Me

So Right

[Chorus]

Whether It's Right Or Wrong

U Share A Life

With The One U Loved Before U Met Me

If I Cud Stop Holding On

And Wondering Why U Are Gone

The I Wud Be Free

I Wud Be Free

[Chorus: To Fade]
