Groove Theory, Hey U

Hey U
I Hope You Know What I Been Goin' Thru Baby
I Wonder If Ur Goin' Thru It 2
But I'm Afraid 2 Face What Might Be True, Hey U...
I Remember The Day
It Hit Me That I Really Loved Ur Way
I Thought 4 Sure I'd Be Here 2 Stay Baby
2 My Suprise I'd Soon Be Running Away, Running Away

[Chorus:]
If I Ever See U Walkin'
I Won't Know What 2 Say
Or Do
So What's The Use In Talkin'
All That's Left 2 Say Is Hey U,
Hey U...

Those Times
Were Some Of The Happiest In Life
Count The Years Since I Left You Behind
Oh Stayed With Me Like Georgia On My Mind
Never Left My Mind
These Eyes
Have Searched The Land From Moonfall 'til Sunrise
Searchin' 4 Just 1 Good Reason Why
Why'd U Have 2 Go And Do Me So Wrong, Yet Do Me
So Right

[Chorus]

Whether It's Right Or Wrong U Share A Life With The One U Loved Before U Met Me If I Cud Stop Holding On And Wondering Why U Are Gone The I Wud Be Free I Wud Be Free

[Chorus: To Fade]
