

# Groovie Ghoulies, 50,000 Spaceships (Watching

I'm walking down the street sometimes late at night  
Strollin' through the woods in the broad daylight  
But everywhere I go  
No matter what I see  
50,000 spaceships are watching over me  
I hopped aboard a boat  
Or ride an aeroplane  
I hijacked me a bus  
Or rob me a freight train  
But up there in the sky  
No matter what I see  
50,000 spaceships are watching over me  
Watch me now  
I'm walkin down the street sometimes late at night  
Yeah I'm strollin' through the woods in the broad daylight  
But everywhere I go  
No matter what I see  
50,000 spaceships are watching over me  
50,000 spaceships are watching over me  
50,000 spaceships are watching over me
