

# Groovie Ghoulies, Evading The Greys

Midnight flights, and lack of sleep.

Migraine headaches, and sweaty sheets.

And all those things are bothering me, oh yeah.

Midnight flights, and lack of sleep.

And migraine headaches, and sweaty sheets.

And all those things are puzzling me, oh yeah.

And all I can say, is as of today spend most of my life evading the greys.

And all I can say, is as of today, evading the greys.

Midnight flights and lack of sleep.

And migraine headaches, and sweaty sheets.

And all those things that point to me, oh yeah.
