

Groovie Ghoulies, Sleeping Beauty

Hey sleeping beauty I'm gonna do my duty
I'm gonna give you a great big kiss
I'm gonna snap you right out of this...

Whoever put that spell on you
It's me they'll have to answer to, oh yeah

I know there have been others trying to be you lover
None of these guys have got what it takes
To make you become not unawake...

A hundred years could pass us by
A million stars up in the sky, oh yeah
