

Groovie Ghoulies, Stick It Out

You've gotta be willing to take a risk, gotta be willing to throw out a disc or two.
Gotta be willing to make an impression, willing to give up a material possession or two.

Stick it out and things will get better for you.
You've gotta be willing to go for broke, willing to be looked at as a joke.
You've gotta be willing to take it hard, lying on your back in the schoolyard.
