

# Gross Paul, Promise Us The Night

If one kiss from you could have lasted forever  
Then I would have died a happy man  
But now I know why we're not meant for each other  
And why your lips never met mine

Chorus:

Stars crumbled over the two of us  
Dawn broke without rhyme  
Love needed a better reason  
To promise us the night  
Champagne mornings were all I could dream of  
After tender caresses all through the night  
But I need more than a heart full of fantasy  
To give of my love all the rest of my life  
It's hard to imagine a day without you  
But fate has spoken and I will abide  
I'm sure all the love that you're longing to treasure  
Will find you someday and make you my wife
