

# Groundation, Praising

The road was long and narrow  
All of dem a feed down in the shadows  
The war was famed and terrible  
Taken them into the garden of Helam  
They back them down in the depths of the sea  
When they use to call, they use to call upon we  
When them use to sell children laughing and a talk  
The river them forge, to the valley them swarn  
They've gone to the mountain to face God  
Beg them forgiveness for they have forgive us  
I beg the man the answers before dem  
Call onto the sea which once was my friend

(Chorus)

Well now, well now,  
Well the light bus the night  
Iya-man declare want to be the leaders of them world  
Uh-wo-ho-wo  
Well now the moon bus the night  
and the rhythm's just right  
Hollowed in the mur sign upon dem leaders of the world  
Praising , Praising, Jahovah  
Praising , Praising, Jahovah

(Bridge)

And if they haven't heard let them learn  
Our freedom we'll take man were it was never earned  
Run with your culture Ah-ha-aha-ah  
Run with your culture, oh Lord...

They use to rob I man honey tree  
Sell all their arms to the  
Entrap us with dignity  
You've captured our livity  
Still inna before, the night come  
They can recall them hearts of war  
They shall deliver the fortress  
Onto the sea, Jah never judge them  
Give glory and before the mountain Jah shall see  
All of them use to ride pon the  
Herd upon the hillside, live upon the road  
Jah-Jah know the heaven, but the river them foe

(Bridge)

And if they haven't heard let them learn  
Our freedom we'll take man were it was never earned
