

Groundswell, On This Flight

Well his arm said you don't fuck with me
And what is left for me,
and what will ever be
And I'm sure that you don't know it,
But I'm sure that you see
I, I don't love you
I, I only love me

CHORUS Well in these times

It will be alright

Now I just wanna see

On this flight

Ready or not, yes,

Then here I come

You better slow me down

cause I'm like a loaded gun

CHORUS

I said I'm falling, behind (REPEAT 4x)
