

Groundswell, Wave Of Popular Feeling

From anger to pleasure
From right to wrong
And all of these feelings
Still becomes a song
The sources of dooms
Entirely collide
We tell ourselves that
We can't run and hide

CHORUS

We never know we're enabled
Please tell me something I don't know
About this sort of gentle healing
This wave of popular feeling
You never felt so good (3x)

From anger to pleasure
From right to wrong
And all of these feelings
Still becomes a song
The sources of dooms
Entirely collide
We tell ourselves that
We can't run and hide
So take me down to water
If I get too rough

That's when we sit down
And say we've had enough
There's something different here
That we never knew
This song, we're imageless
Just like you

CHORUS

You never felt so good (REPEAT 4x)
You never felt good,
You never felt so good
