

Gryffin, Scandalous (feat. Tinashe)

I can hear your body talk
Every word you're saying
Your silhouette on the wall
I think I like the game you're playing
You're something irresistible
Every move you're making
Your lips so kissable

Rhythm got my heart saying

Ooh la la
Show me how you do the things you do la la
It blows my mind.
Watching you la la
Burning but you're ice cold
you're so scandalous, scandalous ah yeah

Mirrors on the ceiling
Magic make believing
Joyriding the feeling
Ooh na na na na
Can't nobody see us
Things we do between us
We can keep a secret

Got my heart saying

Ooh la la
Show me how you do the things you do la la
It blows my mind
Watching you la la
Burning but you're ice cold
you're so scandalous, scandalous ah

I can hear your body talk
Every word you're saying
Your silhouette on the wall
I think I like the game you're playing
You're something irresistible
Every move you're making
Your lips so kissable

Rhythm got my heart saying

Ooh la la
Show me how you do the things you do la la
It blows my mind
Watching you la la
Burning but you're ice cold
you're so scandalous, scandalous ah yeah
