

GTA, Red Lips (feat. Sam Bruno)

No, no...

No, no, don't let her smile fool
Don't let her eyes confuse
Red lips always lie
'Cause red lips,
Has a filthy price
That's a murder, in her paradise
No, no red lips
Has a filthy price
That's a murder, in her paradise

No, no...

No, no, don't let her smile fool
Don't let her eyes confuse
Red lips always lie
'Cause red lips,
Has a filthy price
That's a murder, in her paradise

No, no, don't let her smile fool
Don't let her eyes confuse
Red lips always lie
'Cause red lips,
Has a filthy price
That's a murder, in her paradise
