

Guano Apes, I Want It

I'm feeling like an angel
I'm feeling like a buttercup
we're sailing around the world
yeah, I like a kind of irony in my life

Don't you know, that I'm your angel
Don't you know, we are all paranoid
Don't you know, that I am angry
Yes we come out at night and surprise you
with our

Right now, I want it
Right now, you want it
you want it right now

Ha Ha Ha Ha
I'll bake you like cookies
Guano around the world
45 and we smile
we love what we do and you do what we want now

Right now, I want it
Right now, you want it
you want it right now

We're here, we're alive, we're around
and we acct like fools
Get up with the storm and running all my life
chickechicke...
