

# Guano Apes, Pretty In Scarlet

We slept a while  
to turn it off  
and get it out of our minds  
I slept a while  
to get it all  
it seems alright  
to find a place without a single lie  
where is the night  
we ran into

Nothing is good  
I cant explain  
falling down and caught up the rain  
I turn myself into changes  
the night I kissed you goodbye  
(your death is over)

You want to live a lie  
and Im pretty in scarlet  
come on  
you want to wash it down  
and Im pretty in scarlet  
I turn myself to say goodbye

Its o.k.  
it doesnt count  
found my place  
a deeper sound  
let me dive alone

You gave me wine  
to poison me  
and take away my time  
I can hear you cry  
I wonder why

And if you throw a stone on me  
Im pretty in scarlet  
and if you need some pain to see  
Im pretty in scarlet  
and if you live your lies  
I will run
