

# Guano Apes, Quietly

Quietly  
explodes your love  
your insecurity is so soft to me  
I cant let you breathe in  
we are falling into us  
I see you dying in my eyes

Just let it all go  
you are left  
and so am I  
just let it all go  
we leave all inside

Quietly  
we arrive  
my insecurity is so soft to you  
you can` t let me breathe in  
we are falling into deep  
I` m dying in your open mouth

Just let it all go  
you are left  
so am I  
just let it all go
