Guano Apes, Sing That Song

Wrecking the best of me
see me front onto past disease
whats up
wrecking the rest of me
you got no sign
you got no scene
whats up
and I believe in one
that I run and i run
and I cant stop whats been done
wrecking the best of me
see me run
cause the bests for free
and I do not care for you

Why
must
I
sing that song

Now that you got the deeds
you are forced to see
my whole entity
whats up
touching the dust of me
I got no time
but its just for me
whats up
crawling down deep in mud
and you run and you run
you cant stop whats been done
you are running out of steam
see me pass
cause the best is not free
I do not care for you

Why
must I
sing that song

Its rock and roll
